

Dear friend of the WGY,

The aim of **Access 2010** is to provide spaces for young people to meet, discuss and learn. It also highlights the benefits that the involvement of young people can provide. The advantage of the flexible structure of an arena like **Access 2010** is the opportunity it provides for interaction, formal and informal, between organisations and the individual young participant.

In order to structure the event in a way that is more beneficial for music organisations, as well as young people, we would like your ideas and suggestions.

This will help us to find out the common interest both for young people and the music organisations; moreover, your support will stimulate the progress of our work.

1. Name:
2. Organisation:
3. What aspect could we include that would make you prioritise attending the event?

-
4. Would your organisation be willing to (tick if appropriate):
 - communicate and promote the event through its network
 - organise a workshop or information session (connected to the topic young people and music)
 - co-operate in the organisation of the event
 - delegate one or more persons under 30 years old to come to the event

5. Any comments or suggestions:

We thank you for your time and invite you to send us your questionnaire by post at the address below, or by email at wgy@emc-imc.org or by fax at +49228 9669 9665.

With kind regards,

The Working Group Youth
