Music connects People. Music connects Europe.

As an interactive internet platform the European Musical Exchange Platform informs about the manifold music life in Europe and wants to animate music lovers of every age and genre to take part in a cultural exchange across borders. It focuses on the dialogue between the partner countries in order to awaken the interest in varying cultural scenes, point out musical similarities and initiate collaborations of different musical styles.

The Musical Exchange Platform offers numerous opportunities for organizers, musicians and cultural institutions to present themselves, to network with each other and to announce their activities. Everyone who is interested can register under **Join in** to create a profile, publicize events or look out for cooperation projects. [More...](#)

**CHOREGIE - Slovenia**

Choregie – New MusicTheatre is a production house from Maribor, Slovenia with its own production and international new music festival.

Choregie is noted for its innovative programming, which explores works from the forefronts of the contemporary music scene and creates performances and festivals that thrive at the intersection of music and movement, sound and light, image and object, in an effort to discover and weave together new modes of perception.
